*"- What's wrong with science being practical or even profitable?
- Nothing as long as your motive is the search for truth, which is exactly
what the pursuit of science is."*

*"- How do you know you're not deluding yourself? I mean, for me I'd need
proof.
- Proof? ... Did you loved your father?
- ... Yes, very much.
- Prove it."*

*"- I wish the world was a place where fair was the bottom line [...]
Unfortunately, we don't live in that world.
- Funny, I always believed that the world is what we make of it."*

*"The most important thing is that you all keep searching for your own
answers. I'll tell you one thing about the universe thought, the universe is
a pretty big place, it's bigger than anything anyone has ever dreamed of
before, so, if it's just us, seems like an awful waste of space, right?"*
